Supplemental Preliminary Amendment: AMENDMENTS TO THE APPLICATION

Please cancel the originally submitted Specification, Claims and Abstract in the French language. Applicant has concurrently submitted the English translation, along with the Statement of Accuracy from the translator, for the completion of filing requirements. Applicant now submits a Supplemental Preliminary Amendment to amend the English language document for U.S. formalities and requirements.

In the present Supplemental Preliminary Amendment, please amend the English language version of the application. The first preliminary amendment was included to avoid charges for multiple dependent claims, and the amendments were made in French. This first preliminary amendment is superseded by the present Supplemental Preliminary Amendment.

Please see the attached Marked Up Copy and Substitute Copy for the supplemental preliminary amendments to the application. The amendments correct for grammatical errors and U.S. format requirements, including the proper subject headings. The Marked Up Copy and Substitute Copy pages are submitted in compliance with 37 C.F.R. § 1.113 152, 1.121(b)(3) and 1.125. The changes are made in the specification, claims and the Abstract as indicated.
